

## Copernicus Open Access Hub

The Copernicus Open Access Hub (previously known as Sentinels Scientific Data Hub) provides complete, free and open access to Sentinel-1, Sentinel-2, Sentinel-3 and Sentinel-5P user products.

<https://scihub.copernicus.eu>

Open Hub, sign up (if you have an account simply login) and explore this platform.

The following videos show the steps required to download Sentinel satellite imagery from Copernicus Open Access Hub.

<https://youtu.be/AkA0ya3A9IU>

<https://youtu.be/IOElbO7Sqmk>

**You may try now to download one of the most recent satellite images covering your city!**

## Reading Material

**Read the first chapter "A gentle introduction to GIS" of the following book "principles of Geographic Information System":**

[https://webapps.itc.utwente.nl/librarywww/papers\\_2009/general/principlesgis.pdf](https://webapps.itc.utwente.nl/librarywww/papers_2009/general/principlesgis.pdf)
